Dear Sir/Ms,

Belgrade Summer School (12 July-8 August 2010) is an event gathering for young people from across the world with the aim of getting them to know Belgrade and Serbia, places of great cultural and historical heritage, as well as enhancing their communicational skills in one of 10 languages.

BSS 2010 is a national event with international participants. Students have the opportunity to improve on their knowledge of a language of their choice through an intensive two-week programme, with the help of lecturers certified by the London Chamber of Commerce and Industry (LCCI).

The BSS 2010 programme is divided into two parts: educational and social. The first is comprised of 30-hour language study sessions, whereas the second includes full-day and half-day guided tours of Belgrade and Serbia, which enables participants to get familiar with the culture and history of our country

The main goals of Belgrade Summer School are as follows:

1. Bringing together young people from abroad who will get to know our country and the locals alike and form long-lasting relationships with other participants
2. Enabling the members of the Serbian Diaspora to participate in the programme for learning their mother tongue during the summer and deepen their knowledge of Serbian culture, customs and history
3. Introducing vocational trainings for young people for who the knowledge of foreign languages is a prerequisite for a successful career

The mission of BSS is to enhance international communication through inter-cultural youth exchange in the same fashion as any other summer schools throughout the world, the BSS project is conceived to contribute to the multi-level improvement of its participants: professional, cultural and social.

Join us and be a part of this unique project. Learn about Belgrade, Serbia, and at the same time learn a language, have fun and experience tons of new culture.

Looking forward to seeing you this year in the city of good vibrations!
